

★ ON TO GLORY ★

THE MERIDIEN MARCHING SONG

BY LORD BASTION D'SINT MICHEL

With sword in hand I march the tune
to die for crown and kingdom
beneath the flag of black and white
I march to glory's calling
I march to glory's calling

[Chorus]

Follow me my brothers true
Follow me to vict'ry
And Should I fall beneath the blue
I'll stand watch 'til you join me
I'll stand watch 'til you join me

The mighty justice of my king
be all the forge that fires us
the gentle guidance of my queen
be the light that shall inspire us
I March to glory's calling

[Chorus]

Follow me my brothers true
Follow me to vict'ry
And Should I fall beneath the blue
I'll stand watch 'til you join me
I'll stand watch 'til you join me

with flag in hand I strike the blue
and command my brothers forward
my spear is stained my helmet scarred
my heart will never cower
we march to glory's calling

[Chorus]

Follow me my brothers true
Follow me to vict'ry
And Should I fall beneath the blue
I'll stand watch 'til you join me
I'll stand watch 'til you join me

with sword in hand we have won the war
and died for crown and Kingdom
our standard flies still high and proud
we've marched to glory's calling
we've marched to glory's calling

[Chorus]

Follow me my brothers true
Follow me to vict'ry
For those who fell beneath the blue
Stand watch until I join you
Stand watch until I join you

We've marched to glory's call
